

## The Curriculum at Madeley Academy

The curriculum is broad and balanced. It ensures a strong emphasis on core subjects like Maths, English and Science as well as offering students the chance to study some vocational options such as Construction and Hair/Beauty.

### Key Stage 3 (years 7 & 8)

All students will study:

Maths	PE
English	Art & Technology
Science	ICT
Humanities	Performing Arts

Enterprise

Most students will study a foreign language however, some students will follow an Enrichment Option in place of this

### Key Stage 4 (years 9, 10 ,11)

All students will study:

Maths	Humanities
English	PE
Science	

Most students will study a foreign language

All students will choose additional subjects from a range of options including Health & Social Care, Business, Construction, Hair/Beauty, Catering, Music, Art, Performing Arts and Computing

### Key Stage 5

All students study the equivalent of 3.5 A Level courses. They can combine A Level courses with BTEC routes. There are over 18 subjects available including BTEC Certificate through to Diploma.
