

# Celebrating the success of Madeley students

**Alumni case-study :** Bart Janac

**Dates at Madeley:** 2012-2014

**Subjects studied:** A-levels in Biology, Chemistry, Mathematics and ICT

**Current status:** Working as an Information Assistant for Health Watch during my gap year.

## **Career plans:**

Next year, I am going to university to study Biomedical Science at the University of Bath, with a year placement in industry.

I aspire in the long term to work for the World Health Organisation and get involved with their extraordinary life changing research.

## **Advice for students:**

Do some voluntary work! This will make sure you stand out and that you have something more to show than just your academic qualifications.
